

0700602 Safety Light - 2W IP67 3x AAA - Orange

- nine different light modes
- magnetic and floatable
- protect against short immersion and shock resistant

Attract attention and secure and mark dangerous situations. This colored LED safety light belongs in every emergency kit. With two magnets, it easily adheres to all metal surfaces.

The safety light is protected against short-term immersion in water, shockproof and floats.

The safety light has nine different light modes (see video below) and requires three AAA batteries to operate.
