LED's light

The LED Outdoor Wall Light Avalon has a modern and compact design that fits every home and office.

The lamp is made of sturdy aluminium and includes a sensor, that makes sure that the lamp will turn on automatically once it is dark.

The light is adaptable to fit your taste due to the replaceable light source, for instance if warm white light or light with a sensor is preferred, a bulb that fits these criteria can be used. This also means that the lamp has a long lifespan, since the bulb only needs to be replaced.
